| A guide to fuel consumption and CO <sub>2</sub> emission with data for all models of new passenger cars is available on the website "energieverrekeners", <a href="http://www.schoneauto.be">www.schoneauto.be</a> . In addition to the fuel efficiency of a car, driving behaviour and other non-technical factors also determine the fuel consumption and CO <sub>2</sub> emission of a car. Regular and good maintenance of the car in accordance with the manufacturer's instructions also promotes a reduction in fuel consumption and CO <sub>2</sub> emission. See the Royal Decree of 5 September 2001. |                                                                                                                       |  |
